

# Maria Fernanda Gonzalez Munoz

Fer Gonzalez | Welcome to my portfolio

Jalisco, Mexico + 52 474 175 8311 [fergzm05@gmail.com](mailto:fergzm05@gmail.com)

---

*Junior Software Developer in training, with wxperience in both front-end and back-end. Passionate about building creative, functional, and efficient solutions using technologies such as C#, .NET, React, and SQL Server.*

## PROFESSIONAL EXPERIENCE

---

### Axolotl Solutions

Junior Developer (Intern)

**Leon, Guanajuato. Mexico**

May 2024 – August 2024

- I developed a mobile tracking app, including interface design, service implementation, Google Maps API integration, database creation, deployment and testing.

### HDI Seguros

Junior Developer

**Leon, Guanajuato. Mexico**

August 2024 – June 2025

- Collaborated on the front-end development of a claim tracking application, creating a tracking section, customized dynamic charts, and performing general maintenance.
- Implemented and maintained REST services based on functional requirements, creating endpoints, designing entities, integrating them with existing gateways, and ensuring proper functionality.
- Developed a new workflow to optimize the receipt settlement process for insurance policies in a treasury application, reducing processing time by 70%.

## EDUCATION

---

### Tecnologico Superior de Jalisco

Computer Systems Engineering

**Lagos de Moreno, Jalisco. Mexico**

August 2020 – December 2024

## ADDITIONAL SKILLS

---

- Fluent in english (B2 certified - GESE by Trinity College London)
