Maria Fernanda Gonzalez Munoz

fergzm05@gmail.com +52 474 175 8311 Jalisco, Mexico - LinkedIn

Full Stack Developer with +1 year of professional experience in web development projects. Passionate about building efficient and scalable solutions, with a focus on code quality and user experience.

Professional experience

Full Stack Developer   **Aug 2024 - Jun 2025 | Guanajuato, Mexico**
HDI SEGUROS
- Developed new modules (React, Angular) creating responsive components and managing REST API integration, fixing errors and making improvements.
- Modified and extended existing REST APIs, adding new endpoints and fixing existing ones according to frontend requirements.
- Created and tested stored procedures associated with endpoints to ensure their correct operation.
- Designed a new receipt liquidation workflow for a legacy treasury system, reducing process time by 70%.
- Optimized the container migration process to Kubernetes, adding improvements to an existing C# application that automates the deployment process.

Software Developer Intern   **Apr 2024 - Aug 2024 | Guanajuato, Mexico**
Axolotl Solutions
- Developed a mobile application for tow truck requests, aiming to reduce waiting times by automating service assignment through in-app logic.
- Learned and implemented Google Maps API functionalities (maps, geolocation, routes) to support the application logic.
